

California OES Weather Threat Briefing

Wednesday, October 28, 2020 9:00 AM PDT

National Weather Service

Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS 10/28/20 - 11/03/20

Wednesday-Tuesday

- A warming trend and lighter winds are expected through next week, though fire weather conditions will remain elevated due to continued dry fuels and dry weather across the state.
 - · Critical fire weather conditions persist across southern coastal CA again today.
 - Increased offshore winds are expected across southern coastal CA Saturday night through Monday, bringing another round of elevated to critical fire weather conditions to the area.
- Light precipitation is possible across far northern California late this week through early next week, but rain amounts do not appear significant at this time
